### Project : Office Relocation

“Look no further Specsavers didn’t”

Specsavers Liverpool relocated to its new premises in Lord Street in December 2010.

The logistics behind such a move were immense and complicated. Our collaboration with “Deskcentre” was the first time that our company had used them. The friendly, helpful and organised manner in which “Deskcentre” management and personnel went about the survey, preparation and actual relocation means that I have no hesitation in recommending them as partners for office or retail relocation.

Steve Bryan (Director - Specsavers Liverpool).
